Lochridges

Meet the Lochridges

Hi, we're the Lochridges!

We are excited and hopeful to grow our family through adoption so we are grateful for your time and consideration. Here is a little peek into our lives!

Where We Began

Meeting was nothing short of a miracle.

Bryton and I met at church while attending the same university. I thought Bryton was way too good for me, and he thought I was out of his league or taken (or so he says).

We somehow found each other and started texting. I wouldn't describe him as the greatest dater being that he pretty much laid out his expectations for our entire life together on the first date. He told me he wanted TWELVE kids on our first date!!!

But his passion for life and doing what was right was admirable and I couldn't help but feel like he was the right one for me. I quickly learned that his intensity was a façade and he was actually this fun, loving, and outgoing person anyways. He thought I was the right one because I expressed my desire and excitement to become a mother and a wife. He proposed 3 months later on Christmas under the twinkling lights.

Forever Together

We were married 6 months into our relationship and we both agree that it was the first best day of our lives.

We quickly started a family and only 10 months later had Rigdyn. When he was born, I was diagnosed with postpartum cardiomyopathy (or heart failure caused by pregnancy.) After a year, I met full recovery but was told having more children would most likely kill me. And that is where our adoption journey began!

Meet Bryton

Professionally, Bryton is an Operations Manager for a local company that does erosion control. His caring personality allows him to connect with his people and be the best mediator.

He is dedicated and hard working but **his best attribute is that he always puts his family first.**

He enjoys talking, being with family, and working outside. Mountainbiking and paintballing are both things he enjoys as well!

On a personal level, Bryton is the same person. With him you get what you see. He is a devoted husband, loves playing with his kids, and isn't afraid to talk with anyone he passes by. He is a leader in our church and spends a lot of time serving our community and the families within. I'd say he is the best man ever created but I may be a little biased.

Meet Makayla

Makayla is a full-time homemaker. She truly loves staying at home with the kids and does a wonderful job at teaching them.

She is a soft and loving person who is always looking to lift the burdens of others.

Makayla is the ultimate crafter, and enjoys creating just about anything. She is a phenomenal cook, mother, and friend. She is witty and intelligent and I couldn't ask for a better wife.

Meet Rigdyn

Rigdyn is 5 years old and is the sweetest kid you'll ever meet.

He is gentle, tender hearted and hates to disappoint anyone.

He loves building things, legos, crafting (just like his mom), and taking care of our animals. He loves his sister and they play so well together... most of the time! He is goofy and difficult to capture in words or in photos.

When asked if he wanted a brother or a sister he said I like all of them.

Meet Kynlee

Kynlee is 2 years old, loves babies, Elsa, singing, and having her nails painted. She loves her older brother and takes full advantage of that tender heart of his.

She is spunky and very intelligent.

She lights up the room with her smile and sparkling eyes. Miss Kynlee will sit for hours while I learn to do her hair. Her Papa and Daddy are her favorite people, but she will pretty much snuggle up to anyone.

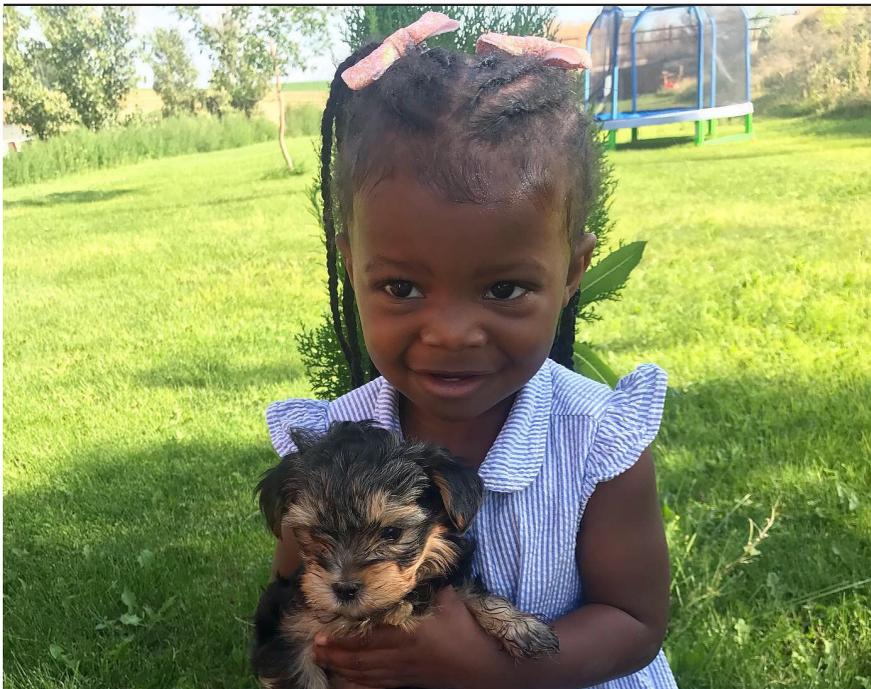

Where We Call Home

We live in a rural country subdivision in Idaho and WE LOVE IT!

It is a quiet way of living and we enjoy the freedom that comes with it. On warmer week days we spend a lot of time in our garden, caring for our animals, and exploring outside. We have 2 goats, a cat that is down to 6 lives, and a new puppy since we unfortunately lost our last puppy just recently.

On weekends we play board games with cousins, work on the house, or head to the mountains for a greater outdoor adventure. We have a family cabin up there so during the summer the kids prefer to spend most of the time on the lake.

During the colder days the kids still love the mountains and the snow that it brings, the hot springs, and staying in (thats when we do a lot of our schooling and crafting).

*All that we
love deeply,
becomes a
part of us.*

- Helen Keller

Nature Sounds

Summer Time Adventures

During the summer we love to spend most of our time outside!

We grow a garden as a family and the kids love watching things grow. Typically we take an evening bike ride several times a week and on weekends we adventure!

The mountains are always a favorite, but we also enjoy the lakes, fishing, camping, hiking, and picnics with our friends. And I won't lie... we take full advantage of those half priced shakes at sonic in the summer.... who doesn't like ice cream?!

*Together is
our favorite
place to be.*

Us

We have been married for 6 years now! It feels like just yesterday we met, and yet we can't remember what life was like without each other.

Together we have road the rollercoaster of life and have grown so much from the difficult times as well as the unforgettable moments. Even now, we continue to learn with and from each other.

Dear Birth Mother or Parent

We believe in you. We support you. We are praying for you.

We are humble and grateful that you have taken the time to read our profile and consider us for the placement of your child. Whether you choose us or not, we support you. We can only begin to understand the courage it takes to be on this journey and we admire you for taking it!

If there is one thing we have gained from adopting before, is the recognition Birth Mothers and Fathers deserve. We hope that we will be able to make the journey a little lighter for you.

What we can promise is that we are in this together. We have your best interest in mind. We can and will provide a safe and loving environment for your sweet baby. We want a relationship with you and we hope you will give us a chance to get to know you!

With Love,

Bryton & Makayla Lochridge
